CORRECTIONS

Accession Monitoring Report: May 2004 - September 2007

The proportion of workers registering between May 2004 and September 2007 who had dependants aged under 17 when applying was 6%, not 5% as quoted in the Key Findings.

The proportion of workers registering between May 2004 and September 2007 who had dependants with them when applying was 7%, not 6% as quoted in the first paragraph of section 4, Dependants of registered workers.

The data in this report are not affected by these errors, and are correct as originally published in November 2007.
